

(C2S Velvet)

A silky smooth finish paper that's double blade-coated for a light sheen that enhances colors while ensuring optimal ink absorption. The perfect middle ground between Gloss and Matte. Ideal for highend, tactile projects.

N-chant™ is offered in:
C2S Text | 60#, 70#, 80#, 100#
Web Roll/HSWO | 60#, 70#, 80#
C2S Cover | 80#, 100#, 111#

VELVET

C2S Text (Sheet-fed and Web Offset) Product Advantages & End-use Applications

- Acid-free
- Ultra-high brightness
- Blue-white shade
- Excellent body
- Superb dot fidelity
- Superior gloss
- High opacity
- Smooth printing surface
- Quick-drying for quicker turn around time
- Quality characteristics that result in crisp, clean graphics, true color reproduction, and reliable pressroom and bindery performance

Examples of End-use Applications

Brochures, books, annual reports, magazines, catalogues, calendars and posters
